

Köszönetnyilvánítás

Ezúton szeretnék köszönetet mondani témavezetőimnek, Dr. Simon Edina egyetemi adjunktusnak és Dr. Lakatos Gyula ny. egyetemi docensnek, hogy jelen dolgozat elkészítésében mindvégig kitartóan és odaadóan segédkeztek. Külön köszönet illeti Fülöp Zoltánt, aki folyamatos lehetőséget biztosított a Lovász-zugitőrendszer terepi felmérésére.
