## **9. KÖSZÖNETNYILVÁNÍTÁS**

Ezúton szeretném kifejezni köszönetemet és tiszteletemet mindenkinek, aki a TDK dolgozatom elkészítéséhez nagyban hozzájárult.

Tisztelettel köszönetet mondok Dr. Varga Csaba egyetemi docensnek és Kedvesné Dr. Kupai Krisztina tudományos segédmunkatársnak, témavezetői munkájukért, építő kritikáikért és hasznos tanácsaikért, illetve Prof. Dr. Toldi József tanszékvezető egyetemi tanárnak, hogy helyet biztosított munkám elvégzéséhez a SZTE-TTIK, Élettani, Szervezettani és Idegtudományi Tanszéken.

Megköszönöm Török Szilviának és Szalai Zitának a kísérlet gyakorlati kivitelezésében nyújtott rengeteg segítségét és támogatását. Továbbá szeretnék köszönetet mondani a 408-as labor munkatársainak, név szerint: Dr. Pósa Anikó, Szabó Renáta, Csonka Anett, Daruka Lejla.

Végül, a TDK dolgozatom elkészítéséhez nyújtott további segítségükért köszönök mindent az Élettani, Szervezettani és Idegtudományi Tanszék valamennyi fel nem sorolt munkatársának is.

A kutatás a TÁMOP 4.2.4.A/2-11-1-2012-0001 azonosító számú Nemzeti Kiválóság Program – Hazai hallgatói, illetve kutatói személyi támogatást biztosító rendszer kidolgozása és működtetése konvergencia program című kiemelt projekt keretében zajlott. A projekt az Európai Unió támogatásával, az Európai Szociális Alap társfinanszírozásával valósul meg.
