

The 36th OTDK Fizika, Földtudományok és Matematika Szekció

Tételes szerzői hozzájárulás

(List of contributions)

Hereby I, Munkhjargal LKHAGVADORJ, declare that I did the following tasks in the thesis.

- Minimum variance analysis
- Magnetic coplanarity analysis
- Analysis and transformations of spacecraft data
- Determinations and calculations of interplanetary shock (IP) and plasma parameters
- 2D and 3D visualizations of the observations, positions, and orientations of the IP shocks
- Discussions, explanations, and interpretations of the results

Budapest, January 10, 2023.
