- Az Ormánság nem egy földrajzi – habár földrajzilag jól körülhatárolható –, hanem egy néprajzi fogalom.
- Csak olyan község tartozhat ehhez a tájhoz, melynek nyelve magyar, vallása református, a női viselete pedig a kebél vagy bikla.
- „Az Ormánság addig tart, ameddig a bikla ér.” (biklának a szoknyát hívják az Ormánságban)
