Title: **leader professor**

E-mail: **Peter.Kapeller@lkh-vil.or.at**

Phone number: -

Brief description of the completed short term study program:

During the professional exchange program students are able to join other countries' medical work so they can get acquainted with the healthcare system of different countries. The planned program on the department of obstetrics and gynecology was: daily visit on the department, taking medical history, physical examination, specific examination of expectant mothers (Leopold's maneuvers, waist circumference measurements, statement of the position of the fundus, determining the gestational age), rectal digital examination. Getting to know frequent gynecological illnesses. Assisting during operations: caesarean sections, gynecological operations, laparoscopy, small gynecological and obstetrical interventions. Getting to know the basics of CTG analysis. Analysis of the placenta and the umbilical cord. Physical examination of new born children, determination of Apgar scores. Physical examination of confined and estimating the involutional and evolutionary processes. Observing gynecological and obstetrical ultrasound examinations, etc.

Description of skills and competences acquired during the short term study program

1. Activities/tasks carried out

Taking medical history, physical examination of gynecological patients, expectant mothers and post-partum patients. Taking part on operations, caesarean sections, polyclinic's work, chemotherapy, work on the department. Taking blood, inject infusions, etc.

2. Specific professional competences acquired

Theoretical knowledge of gynecological surgery, childbirth, chemotherapy of ovarian and breast cancer, Apgar score, etc.

3. Language skills and competences acquired (if not included under 'Job-related skills and competences')

High level of medical German and general German

4. Computer skills and competences acquired (if not included under 'Job-related skills and competences')

Theoretical knowledge about the informatical system used in the hospital
Printing labels for hystological specimens

5. Organisational skills and competences acquired (if not included under 'Job-related skills and competences')

She learned the work of the department of obstetrics and gynecology so she has theoretical knowledge how a department should be organized

6. Social skills and competences acquired (if not included under 'Job-related skills and competences')

Talking with doctors, patients and colleagues

7. Other skills and competences acquired

Theoretical knowledge about austrian health care system

8. Number of awarded ECTS credits (if any): the sending institution will give credits for the practice

Hereby I certify, that the above mentioned student has successfully completed the described Short Term Study Program.

ÖSZTÖNDÍJ VÉGTELJESÍTÉSÉNEK IGAZOLÁSA

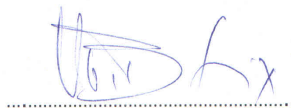

Alulírott Vas Beatrix, a Balassi Intézet, mint Szerződő Fél képviseletében igazolom, hogy

Diósi Beáta, az általa benyújtott és a Balassi Intézet által **B2/1R/12281** számon befogadott, valamint a **CHP/195-15/2014** iktatott szerződésében foglaltakat hiánytalanul teljesítette.

Az Ösztöndíjas a „Nemzeti Kiválóság Program - Campus Hungary K+F projektekhez és képzési programokhoz kapcsolódó, nemzetközi hallgatói mobilitás személyi támogatási rendszerének fejlesztése konvergencia program” című projekt (Támop-4.2.4.B/2-11/1-2012-00011 projekt) keretében Campus Hungary ösztöndíjprogramban vett részt. A tanulmányút befejezését követően a Campus Hungary Programigazgatóságnak, a szerződés IV.1. pontja alapján elkészített szakmai beszámolóját, valamint a szerződés IV.5. pontjában megjelölt dokumentumokat megküldte.

Az Ösztöndíjas a tanulmányutat elvégezte, a szerződésben foglaltakat teljesítette.

Budapest, 2015. április 10.

Vas Beatrix
projektmenedzser
