Brief description of the completed training program:

During the professional exchange program students are able to join other countries' medical work so they can get acquainted with the healthcare system of different countries.

The planned and completed program was:

- participation on visits, treatments, diagnostic interventions on patients (bone marrow biopsy, lumbar puncture, bronchoscopy, intubation, injection of intraosseous needle, central vein catheter, thoraxdrainage, etc.
- taking medical history, writing and presentation of status
- physical examination, measuring blood pressure
- taking blood, determining blood group
- injection of infusion
- rating of radiological diagnostic findings (X-ray, US, CT, MRI)

BEFEKTETÉS A JÖVŐBE

Description of skills and competences acquired during the placement period

1. Activities/tasks carried out

Ms Dósi accompanied the Doctor of the Department in every of his activities (visits, rounds, examinations)

2. Job-related skills and competences acquired

She learned how to examine babies to adolescents with varying diseases. She took part in the examinations of the new admissions

3. Language skills and competences acquired (if not included under 'Job-related skills and competences')

Good skills in speaking and writing

4. Computer skills and competences acquired (if not included under 'Job-related skills and competences')

She learned how to use the patient information system of the Clinic, including extracting laboratory values and writing letters

5. Organisational skills and competences acquired (if not included under 'Job-related skills and competences')

She learned how to organise a diagnostic pathway in different diseases.

6. Social skills and competences acquired (if not included under 'Job-related skills and competences')

She was very compliant to the demand of the team. She always came here in time, was friendly to nurses, patients and parents.

7. Other skills and competences acquired

I very much liked her to stay at the department of children's and adolescent's medicine in Solingen

8. Number of awarded ECTS credits (if any): THE SENDING INSTITUTION WILL GIVE CREDITS FOR THE PRACTICE.

Hereby I certify, that the above mentioned student has successfully completed his/her training period at our organisation/company.
