Mate Kiss
Department of Biochemistry and Molecular Biology
University of Debrecen
Egyetem ter 1
Debrecen, 4010
Hungary

To whom it may concern,

Mate Kiss was invited to contribute as the first author to the article "Nuclear receptors in immune function" for the *Encyclopedia of Immunobiology* to be published in May 2016 by Elsevier Ltd.

This article, submitted by Mate Kiss and Laszlo Nagy, is an important contribution to this work and we duly received the manuscript on time which has been reviewed and accepted into our production process by an editorial board, containing experts in their fields. The Editor-in-Chief of this work is Michael J.H. Ratcliffe, a world leader in his field.

Yours faithfully,

Laura Escalante Santos
Project Manager
