BEFEKTETÉS A JÖVŐBE

To facilitate the search for our students we are creating a database of universities/institutions willing to receive students through the program. Would you like your university/institution to be added to our database? If you need further information please contact us at info@campushungary.hu

☒ Yes

☐ No

Brief description of the proposed short term study program:

The applicant will participate in a research program aiming to study the role of nuclear hormone receptor RXR in tumor-associated immune cells using a combination of experimental animal studies and in vitro experiments. The proposed short term study program will provide the applicant the opportunity to acquire new research and communication skills and to build new collaborations.

Hereby I certify, that the above proposed Short Term Study Program is approved. Upon successful application to Campus Hungary Short Term Study Program, we are willing to receive the above mentioned student to complete the described activity. Upon completion of the planned activity, we will issue a Certificate of Attendance to the student. If his/her planned activity is rewarded by ECTS credits by our institution/university, we will also issue a Transcript of Records containing to the Student.

 signature of institution/university representative Signed on (date) 10/22/2014 at Orlando, FL place of seal	 signature of applicant Signed on (date) 10/23/2014 at Debrecen
---	---
