Brussels, 28.06.2012

To whom it may concern:

Dear Sir/Madam,

With reference to the EU-China Youth Policy Dialogue on Urbanisation, Social Policies and EU-China Relations, which took place in Chengdu from 19 to 24 February 2012, we hereby acknowledge the participation of Mr. Tamás Mészáros in the dialogue, for which he had submitted the paper "The European Union's Role in Accommodating China's Rise".

The EU-China Youth Policy Dialogue is a project of the European Commission's Youth In Action Programme, carried out by the European Institute for Asian Studies and the Chinese Association for European Studies, funded by the European Commission's Education, Audiovisual and Culture Executive Agency and the Guanghua Foundation, with the support of the Institute for European Studies of the Chinese Academy of Social Sciences.

The EU-China Youth Policy Dialogue on Urbanisation, Social Policies and EU-China Relations in Chengdu provided a forum for young people involved in specific areas of EU-China Relations to participate in the dialogue on policy-making processes in EU-China affairs. On the basis of the discussions and workshops, specific points of actions were formulated from the viewpoint of young people in China and the EU. For more information on the programme of the dialogue and the outcome documents, please refer to the project website (www.euchinayouth.eu).

Should you require any additional information, please do not hesitate to contact us.
