Title: Approximations for the higher order coefficients in an asymptotic expansion for the Gamma function

Corresponding Author: Mr. Gergo Nemes

Authors:

Dear Mr. Nemes,

We are pleased to inform you that your manuscript referenced above has been accepted for publication in the Journal of Mathematical Analysis and Applications.

Many thanks for submitting your fine paper to the Journal of Mathematical Analysis and Applications. We look forward to receiving additional papers from you in the future.

With kind regards,

Steven Krantz
