

I hereby confirm that Anna Kómár has been visiting us, at the Department of Applied Physics, Chalmers University of Technology from 22 January to 3 February, 2012. She has been working on a paper with the title "High-frequency electromagnetic waves destabilized by runaway electrons in a near-critical electric field" together with me. She has also prepared an abstract on the subject to be submitted to the EPS conference in Stockholm.

Sincerely,

Tünde Fülöp
