Dear Authors

Thank you for your interest in the Beeronomics 2013 Conference – The Economics of Beer and Brewing. The Scientific Committee has received a significant number of abstracts and its members are very impressed with the quality of research and the variety of contents they provide. We are now approaching you in relation to deadlines related to the guidelines for your papers and to deadlines registration to the conference.

The deadline to submit your paper is **31st July 2013**. Please submit your paper to paper@beeronomics2013.org. Please format the paper in the following manner:

Length: max 6,000 words (excluding tables and references)

Font: Times New Roman; 12 point font size; 1.5 line spacing

The final date for registrations is **15th August 2013**. As indicated on our website, you will need to be registered to the conference in order to attend the conference and to present your paper (please note any author named in the submitted paper cannot be registered as Guests).

The Scientific Committee will work to provide you with a preliminary programme within the first week of July. In addition, we are seeking to generate at least two published outcomes (in the form of Special Issues from top academic journals, or in the form of book/conference proceedings) from the papers presented at the conference. The most significant and valuable papers will be considered for this purpose.

Please do not hesitate to contact me or Dr Ignazio Cabras (ignazio.cabras@york.ac.uk) in case of further assistance needed. On behalf of the Beeronomics 2013 Scientific Committee, I wish to thank you for your support and I will be looking forward to seeing you in York next September.

With best wishes

David Higgins
