Dear Jozsef,

Thank you for your email.

I am afraid, we are unable to provide any document without any accurate student records on our system, and we do not provide any information without student evidence.

Kind regards

Dear Sir / Madam,

Thank you for your quick reply.

I can understand your situation, still I am wondering if it was possible to provide a certification of my time spent there. Between September 2008 and July 2009 I had a gap year from college to go to England and study English and in my application it would look professional if I could prove that. For you it would cause no consequences (the focus in my application will be on my degrees, work and Hungarian and international publications), but for me it would be great help besides the fact that I did attend your school.

I hope you can find a solution.

Üdvözlettel,

Katona József

Dear Jozsef,

Thank you for your email.

Since 1 December 2014, UK School of English has been taken over by new management, and for any student enrolled at the school before this date, we no longer have any records for either in our files or database.

UK School of English apologises for any inconvenience caused.

Kind regards

Jozsef Katona (katona.jozsi@hotmail.com) sent a message using the contact form at <http://www.ukse.org.uk/contact>.

Dear Sir / Madam,

My name is Jozsef Katona and I attended an Intermediate and an Upper-Intermediate course at your school between September 2008 and July 2009, which I really enjoyed. My teacher's name was Mr. Fola (unfortunately I do not rememeber the right spelling).

Now I am an Engineering Teacher at College of Dunaujvaros and I am applying for a Hungarian well-known award named ProScientia and I would need an official certification from your school certifying my studies there (including the years and months I attended at your school and the name of the courses if possible).

My personal data is the following:

First name: Jozsef

Surname: Katona

Date of birth: 7 November 1988

Place of birth: Debrecen

Mother's maiden name: Erika Piroska

Home country: Hungay

Nationality: Hungarian

I would be grateful if you could send me an official scanned certificaton in

pdf format including the signitures of the head of the school with the school's stamp. If that is not possible any form of certification will do.

Should you need more information please do not hesitate to contact me on my e-mail address.

Yours faithfully,
Jozsef Katona
