EOU2015 Badajoz

There is a lot of interest in the conference. It promises to be the largest ever. We have received nearly 400 abstracts which means we have had to take great care in our selection of both oral contributions and posters.

I am pleased to inform you that your abstract has been selected for presentation as a Poster. I have grouped the posters in a number of broad categories so those within a theme will be displayed close to each other.

I attach a copy of the details of your poster. This includes the Poster Number beside your name. Please make a note of this number as it will guide you when you come to find the space where your poster will be displayed.

Please prepare your poster in portrait orientation, no larger than Size A0.

If you have not already done so please go to the Conference web site and Register your attendance.

I look forward to seeing you in Badajoz.
