Academic Record

Explanatory note

Levels

The Dutch system of Higher Education is based on a two-cycle system: bachelor and master. The level is indicated in the record as BA or MA. In the BA two sublevels are distinguished: Level 1 (Basic courses, equal year 1 of a full-time bachelor program) and level 2 (Intermediate courses, equal year 2 or 3 of a full-time bachelor program). Example: BA-1 means a first year basic course in a bachelor program.

Credit system

ECTS is the official Dutch credit system. 60 ECTS credits represent the workload of a full-time student in one academic year. One credit represents 28 student working hours according to the Dutch law on Higher Education. Student working hours include class hours, reading, independent studies, preparation for examinations, etc.

Grading

In the academic record two grading scales are distinguished: the official Dutch grading scale and the ECTS grading scale. The Dutch grading scale runs from 10 (highest mark) to 1 (lowest mark). The grade 6 is the pass grade. The ECTS grading scale ranks the students on a statistical basis. Therefore, the grade is based on the relative performance of the student compared to other students who have passed the examination. In ECTS the grade A stands for the best 10% of successful students.

Official Dutch grading scale

Dutch grade	Description
10	Excellent
9	Very good
8	Good
7	Satisfactory
6	Sufficient (pass)
5	Fail
4-1	Fail

Note: The grades 9 and 10 are rarely given in the Netherlands.

ECTS grading scale

ECTS grade	Description
A	Best 10%
B	Next 25%
C	Next 30%
D	Next 25%
E	Next 10%
F	Fail
FX	Fail

Note: F means fail – some more work required to pass
FX means fail – considerably further work required
