Dear Dr.Med. Fulop,

On behalf of the Editors of the Journal of Surgical Research, we are pleased to inform you that your manuscript has been accepted for publication. Proofs of the article will be sent to you in the near future.

The Journal of Surgical Research is always interested in adding quality reviewers to our database. If you are a faculty member at your institution and would be interested in reviewing for JSR, please respond to this email and include your first and last name, email address and the reason you should be considered as a reviewer. In addition, please include the type of papers you wish to review. Thank you.

When your paper is published on ScienceDirect, you want to make sure it gets the attention it deserves. To help you get your message across, Elsevier has developed a new, free service called AudioSlides: brief, webcast-style presentations that are shown (publicly available) next to your published article. This format gives you the opportunity to explain your research in your own words and attract interest. You will receive an invitation email to create an AudioSlides presentation shortly. Many thanks for submitting your paper to the Journal of Surgical Research.
