

Grassroots network of limnologists, ecologists, information technology experts, and engineers who have a common goal of building a scalable, persistent network of lake ecology observatories

March 27, 2009

Dear Sandor,

We are delighted to inform you that you have been chosen as a recipient for one of GLEON's site exchange travel fellowships. Congratulations!

You have been awarded \$1500 USD in support for your proposed site exchange. We anticipate that this should cover a significant portion of the total costs associated with your site exchange. GLEON recognizes that certain expenditures are highly variable, e.g., airfare, and will work with recipients to obtain fares at reasonable rates.

Your travel fellowship has been funded by grants awarded to GLEON from the Gordon & Betty Moore Foundation Award #1182 and U.S. National Science Foundation Grant DBI-0639229. Please acknowledge GLEON and these funding sources in any publications or presentations that result from your site exchange.

As a recipient of a GLEON site exchange travel fellowship, you will be required to submit a report detailing the purpose and results of your site exchange. Previous example reports can be found online at: http://www.gleonrcn.org/index.php?pr=Graduate_Student_Activities.

Please email Marilyn Larsen (mlarsen2@wisc.edu) by April 3rd, 2009 to indicate acceptance of your fellowship. Additional logistical information will be provided following your acceptance.

Sincerely,

GLEON Site Exchange Evaluation Committee
