GISáček 2017 paper submission – Bálint Nagy

Tesla Jan <jan.tesla@vsb.cz>

2017. március 14. 9:25

Címzett: Bálint Nagy <nb.geo.1994@gmail.com>

Dear Bálint.

I am happy to inform you. Your paper has been approved for the conference electronic proceedings of the GISáček 2017.

Next step is the presentation. Due to large amount of participants, the presentation should not be longer than 10 minute. Its form is completely up to you. But it should be in PDF or power point format. **Please note the deadline. Presentation has to be sent up to March the 20th.**

Below you can see notes for your paper from reviewer, please use it as helpful comments for your further work:

"I miss the chapter results in the article. The Chapter 3 should have been divided to the chapter results and the conclusion. After that the article will be more comprehensible."

Kind regards,

Jan Tesla
