(3) Description of the institutional grading system:

<http://www.kuleuven.be/education/ects/positioning/>

Exam results are graded on a scale of 20. However in some cases the student may receive a code P/F to indicate that he/she has [not] passed a part of the course for which there is no numerical grading. A code V indicates that the student is exempted from that course. A code NA indicates that either the student did not sit the exam or did not complete the course. A code OR indicates that an irregularity has been found to have taken place. A code NVT indicates that the course is no longer relevant for this student. A code GR indicates that there is no result yet for this course, but that a result is expected later on.
