

Bence Kovács
Corvinus University of Budapest, Budapest University of Technology
Budapest, Hungary
25 March 2013

To whom it may concern,

It is with great pleasure that I recommend Bence. We had the pleasure of working together with him during our Central Eastern Europe Research Forum in Prague, Czech Republic on 17-18 March 2013.

Bence was nominated by his professor to participate in the conference as part of the Events team. He was asked to prepare a written submission and was subject to a personal interview. His role was to help facilitate networking activities among participants. Despite strong competition from other university students in Europe, he was invited to join us.

This was a well-founded choice as he formed a seamless addition to our team and displayed a high degree of integrity, responsibility, and ambition. In addition to his excellent scholastic accomplishments, he has proven his teamwork and leadership ability during our time together.

Sincerely,

Anna Alù

Director Development & Events

ESOMAR is the world organisation for enabling better research into markets, consumers and societies.

With over 5,000 members in 100 countries, ESOMAR's aim is to promote the value of market and opinion research in illuminating real issues and bringing about effective decision-making.

To facilitate this ongoing dialogue, ESOMAR creates and manages a comprehensive programme of industry-specific and thematic conferences, publications and communications as well as actively advocating self-regulation and the worldwide code of practice.
