Dear Heinz and Viktor,

I am pleased to inform you that your article, Karádi, V., Kozur, H. and Görög, Á., *Stratigraphically important lower Norian conodonts from the Csővár borehole, Hungary - comparison with the conodont succession of the Norian GSSP candidate Pizzo Mondello, Sicily (Italy)*, is acceptable for publication in our volume, *Global Triassic II*, to be published by the New Mexico Museum of Natural History & Science.

Please note that the printing of your article is contingent on completion of final revisions, as suggested by the manuscript reviewers, and to the extent deemed necessary by me. Your final, revised manuscript and figures must be received in the required format (see Instructions to Authors) by September 1, 2012, for inclusion in the volume.

Congratulations, and thank you for submitting your important research for this publication.

Warmest regards,

A handwritten signature in black ink, appearing to be 'L. Tanner', followed by a long horizontal line extending to the right.
