

To whom it may concern:

Confirmation

I do hereby confirm that Mr. Gábor Tóth MSc, born on December 20 1993, student at the Budapesti Műszaki és Gazdaságtudományi Egyetem, Budapest, Hungary, has successfully completed his Internship at the Proteomics Core Facility of the Medical University of Vienna. Mr. Tóth has performed following activities:

- Optimizing HPLC parameters for the μ PAC (Micro Pillar Arrayed Columns) columns for separation of tryptic peptides:
 - Optimization of separation gradients
 - Optimization of separation temperature
 - Optimization of loading and separation mobile phases
 - Nano HPLC separation of peptides and mass spectrometry detection and identification of phosphorylated peptides on μ PAC.

Wien, 4. 5. 2018

Goran Mitulović, Ph.D.

ORCID 0000-0003-1964-3965

Head Proteomics Core Facility

Medical University of Vienna

Clinical Department of Laboratory Medicine
