

SAN DIEGO, CA
NOVEMBER 3-7

Neuroscience 2018
November 3 - 7
San Diego, CA

Please let this serve to certify that

Judit Glavinics, BS

has attended Neuroscience 2018, the 48th Annual Meeting of the Society for Neuroscience at the San Diego Convention Center in San Diego, CA. The person listed above has participated in the presentation listed below:

Session Type: Poster

Session Title: G-Protein Coupled Receptors

Session Date/Time: 11/6/2018 8:00:00 AM

Presentation Number: 459.08

Presentation Title: NECAB1 and NECAB2 are the two major calcium-binding proteins of the CB1 cannabinoid receptor-positive GABAergic interneuron population in the neocortex, hippocampus and the basolateral amygdala

The Society for Neuroscience (SfN) is a nonprofit membership organization of basic scientists and physicians who study the brain and nervous system. The Society's primary goal is to promote the exchange of information among researchers. For this purpose, SfN holds a prestigious annual meeting, attended by scientists and researchers from around the globe. It is considered the most important annual forum for the neuroscience research community, offering attendees the opportunity to learn about the latest advances in brain research and to meet and network with their colleagues at top destinations throughout the United States.

Sincerely,

Kyle Hayden, CMP
Director, Meeting Programs and Attendee Services
