

Mr. István Táczai
Intern
Energy Regulators Regional Association (ERRA)

February 24, 2016

Dear István Táczai,

By this letter I would like to thank you for your cooperation with the Energy Regulators Regional Association (ERRA) as an intern of the association.

Special thanks for your first results in our common work, namely in the field of smart metering.

Your short Position Paper on "Smart Metering: Cost Benefit Analysis of Potential Dissemination and Results of Pilot Projects" and your presentation titled "Smart metering (cost benefit analysis of potential dissemination and results of Pilot Projects)" held during the virtual meeting of the ERRA Licensing and Competition Committee on January 26, 2016 assisted our members and was very beneficial.

I am convinced that your contribution and work will be highly appreciated by the ERRA members (independent energy regulatory bodies primarily from the Central European and Eurasian region, with associates from Africa, Asia the Middle East and the USA)!

I look forward to further cooperation!

Best regards:

Dr. Gábor Szörényi
General Secretary
Energy Regulators Regional Association (ERRA)
