

Mr. István Táci
Intern
Energy Regulators Regional Association (ERRA)

June 27, 2016

Dear István Táci,

By this letter I would like to thank you for your cooperation with the Energy Regulators Regional Association (ERRA) as an intern of the association.

Your short Position Papers on "*System Effects of Intermittent Renewable Generators – Balancing*" and "*Overview of the Energy Storage Possibilities to Support the Electrical Power System*", and your presentations held about the above two documents during the meeting of the ERRA Licensing and Competition Committee on May 10-11, 2016 in Warsaw, Poland were of high quality and very beneficial.

I am convinced that your contribution and work will be highly appreciated by the ERRA members (independent energy regulatory bodies primarily from the Central European and Eurasian region, with associates from Africa, Asia the Middle East and the USA)!

I look forward to further cooperation!

Best regards:

Dr. Gábor Szörényi
General Secretary
Energy Regulators Regional Association (ERRA)
