

Certificate of participation

This is to certify that

Mr./ Mrs. **István Táci**

born on **11.01.1993**

has successfully participated in the
4th Green Waves Summer Academy

The event took place from 15/06/15 to 19/06/15 in Vienna, Győr and Budapest.

This research academy event focused on the current state of research and future challenges of topics like grids and smart grids, building technology/energy management, solar cells, energy storage and electrical drives/e-mobility. It was, amongst other things, framed by laboratory visits of the different universities. The students contributed to the program by presenting their research work to a professional plenum.

The event moreover targeted to build up and improve international competences and relationships among the participants by providing an exchange platform for more than 8 different universities from 6 countries.

Budapest, 19/06/15

Prof. Dr. Thomas Walter

Ulm University of Applied Sciences
