

Dear all,

Bucharest Student Chapter of AAPG would like to invite you to participate in our summer project (field trip): "Petroleum play potential in Austria: Vienna Basin, the Molasse Zone and the Northern Alps – Depositional Settings and Hydrocarbon System" that will be organized during the 6-12th of September 2015 in the Vienna Basin (Austria).

Field coordinators: Gabor Tari and Philipp Strauss, OMV representatives.

The goal of the field trip: The Vienna basin is one of Europe's most important hydrocarbon producer. It is a Tertiary pull-apart basin located inside the Alpine-Carpathian thrust belt. The most important hydrocarbon provinces of Austria are the Vienna Basin, the Molasse Zone and the Northern Alps has a strong connection to the one of the Carpathian Orogeny. The basin bears the physical evidence of tectonic and sedimentological witnesses which can be studied on outcrops. By finding these types of connections between the evolution of the two structures, the students will have a better degree of understanding on the complete geological landscape of the Carpathian Orogeny.

Beside the educational side of the field trip, you will have the opportunity to come in contact with our colleagues from the universities of Cluj, Iasi and Miskolc.

Therefore we would like to invite 5 students from your student chapter.

The total number of participants will be 30. (10 Bucharest, 5 Iasi, 5 Cluj, 5 Miskolc, 5 Eotvos)

As English will be the main language during the field trip we require English speaking students.

Costs:

- We will cover your transport from Budapest to Vienna and back again for a car with a 7-7.5% consumption rate; 1 car from Budapest to Vienna: ~500 km (Budapest – Vienna and back) **~60€. Keep all the invoices with a stamp for the gas!**
- We will cover the accommodation (more information coming soon);
- The Breakfast will be covered. Depending on the number of participants and the budget, we will try to cover the other meals too, but it will be better if you will have some money that could cover these expenses.

Please send us the list of participants until the 5th of August 2015.

We will provide you with more information about the Ice Breaker in the next few days (after we will decide between Budapest or Vienna).
