

SymBioSE

Portugal 2016

This document certifies that Árpád Varga has won the award of best scientific content with the poster: *Setting up a new experimental system to studying the link between functional histone PTMs and double strand break repair in the 19th Symposium of Biology Students in Europe – SymBioSE*, entitled “*The Networking Challenge*”. The event took place in Portugal, at Universidade Lusófona in Lisbon and at Universidade de Trás-os-Montes e Alto Douro in Vila Real during July 27 to August 5, 2016.
