Apart from the traditional ePoster display, the session chair would like to give the opportunity to accepted ePoster submitters to present their ePoster in a few minutes presentation.

We kindly invite you to inform us quickly if you do not wish to present your ePoster.

The scientific ePosters will be displayed on large monitors available on the site of the conference, and will have the opportunity to include videos, images and others features. ePosters will also be available online, before, during and after the conference to allow participants to view them in advance of the conference or on their own laptop onsite.

In order to facilitate the creation of your ePoster we will provide you in the following days with an **ePoster Builder Platform** that we strongly advise you to use. User friendly, this platform allows you to create an **interactive ePoster** which a JPG cannot offer.

GENERAL INFORMATION

- Landscape format 16:9
- The use of the platform is not mandatory but strongly advised. We accept JPG on demand only (PDF are not recommended).
- Deadline to publish the ePoster **Monday 17 June**.

REGISTRATION

All presenting authors of accepted talks **must register** and complete their payment for the conference before **May 10, 2019**.

Early bird rate will be available only until April 28th.

WITHDRAWAL

Your presentation will be **withdrawn from the final conference programme** should we not have received the presenting author's registration by May 10, 2019.

For the good organisation of the congress, please make sure to inform us if you can not attend for some reason.

PRELIMINARY PROGRAMME

The preliminary programme of your session will be updated regularly on the [EWASS Website](#). Please have a look from time-to-time to check if there are changes.
