***) Payroll tax credit**

Payroll tax credit only applies if you have an employment relationship with UM (for tax purposes).

Payroll tax is the collective name for income tax and social insurance contributions that can be withheld from your payments.

The payroll tax credit is a rebate on income tax and social insurance contributions. UM applies the payroll tax credits that you are eligible for if you have indicated in writing that you want UM to take payroll tax credit into account. The payroll tax credit includes e.g. an employment tax credit and a general tax credit.

Payroll tax credit can only be applied by one employer/employment benefit agency simultaneously (usually where you receive the highest earnings).
