Brief description of the Completed Group Study Trip:

The aim of the group was to fulfill the modul of european joint master course called International Project Management. The modul was an essential part of the international modul, so the study group had to do it under the organisation of the partner university. The students had to work in groups. In the frame of the study trip they participated on lectures about the national welfare policy, the European Funds, and the national development of the project management. The students visited 3 agencies working in the field of the social services or social economy. The students created a new project which is based on the possible european support available, and concerning the profiles of the agencies. The group was working under the supervision of the expert of the agencies and the professor of the university. The study group finished the intercultural project management with a project proposal.
