Dear applicant,

We're glad to let you know that you were qualified by TULIP pedagogic board to attend its Summer school in Integrative Biology and Ecology.

We now ask you to confirm as soon as possible (and in any case before May 17th) your participation to the summer school.

We expect you to arrive on **Saturday, July the 15th**. To plan your trip, we inform you that a bus, reserved for the Summer school, will pick you up at:

- 15:00 : INRA campus of Auzeville near Toulouse
- 16:00 : Matabiau railway station in Toulouse
- 17:00 : Blagnac airport (Toulouse's designated airport)

The summer school finish on Friday, July 21th around 17:00.

We also need details about your trip to Toulouse as soon as possible (arrival & departure time and place).

Let me also remind you that you that **the travel fees to and from Toulouse are at your (or your laboratory, or school) expense, all other fees such as accomodation will be supported by TULIP**. Some of you might need a Visa, we recommend you to do the administrative work as quickly as possible. If you are not interested anymore in this event, please also inform us as soon as possible.

All further logistical points and final program will be addressed after your email confirmation. If you have any inquiry, do not hesitate to [contact me](#) or Christelle GERARDIN (TULIP administrative manager - christelle.gerardin@inra.fr)

With kind regards,
 For D.Roby & E.Danchin

Guillaume Cassiede-Berjon
