*Budapest, 11 March 2019*

Dear Applicant,

the ICA received an unexpectedly large number of applications for support from all over the world. The Executive Committee (EC) of the ICA carefully examined the applications for ICA Scholarship for participation in the bi-annual International Cartographic Conference (ICC 2019). We considered the applications from many different aspects including the quality (scores) of the submitted papers/posters, academic studies, the support letters, the motivation letters and the limited fund that the ICA, as a voluntary organization has for this purpose.

We are happy to inform you that the EC of the ICA supported your request. The ICA Treasurer will pay the awarded scholarship of 500 EUR in cash at the ICC event on condition you participate in the conference and you have presented your paper/poster. We will inform you about the award hand over process later. Please inform me if finally you will not able to participate on ICC 2019.
