Congratulations János Lelkes!

The draft you have submitted to IDETC/CIE 2018 has been accepted. The final version will be eligible for publication in the conference proceedings, provided all required materials and forms are submitted by the stated deadline.

Your paper information is as follows:

Paper Number: DETC2018-86145

Paper Title: Harmonically Excited Delay Equation for Machine Tool Vibrations

Additional Recommendation(s) that applies to the paper:
Best Paper

Please incorporate the reviewer comments and my comments into your final version. The detailed comments of the reviewers are available at the <http://www.asmeconferences.org/IDETC2018> web site. Please log in as Returning Author to see these comments.

--- My Comments ---

Dear János Lelkes,

I am glad to inform you that, in view of the reviewers' comments, the revised version of your paper has been accepted for presentation at the IDETC 2018 conference, within the symposium MSNDC-5 Time-Varying and Time Delay Systems.

We also let you know that we are including your contribution in the list of candidates for the Best Paper awards.

Note also that, if necessary, a letter of Invitation for the venue can be requested here: <https://www.asme.org/events/idetccie/venue-travel/letter-of-invitation>.

Many thanks for your contribution,

Jose Munoz and Thomas Pumhössel
(Symposium organizers)

--- End Comments ---

When you have completed your final version, please login to your IDETC/CIE 2018 author account and submit it online. You will receive on-screen confirmation of your submission, as well as an e-mail confirmation.

Congratulations again and thank you for your interest and participation in IDETC/CIE 2018.

Jose J Munoz

Symposium Organizer
