Paris, April 29. 2019

Dear Madam, Dear Sir,

I hereby certify that Eszter Solnay has carried out a one week intensive training in our research group "Trajectoires. De la Sédentarisation à l'État » (French National Center for Scientific Research – Paris 1 Panthéon-Sorbonne University) under my supervision in October 2018.

As part of her stay, which was focused on the technological approach to Prehistoric pottery, Eszter Solnay successfully achieved the objectives initially set. She has proven scientifically curious, adaptable, and she integrated perfectly into the team.

Yours sincerely,
Dr Louise Gomart
