

Elemental composition in solar and stellar atmospheres & magnetic activity

27 February - 1 March 2018 - Konkoly Observatory, Budapest, Hungary

.....
Date: 2019. március 8.
.....

Rationale

SOC/LOC

Participants

Programme

Accommodation and transport

Publications

ELEMENTAL COMPOSITION IN SOLAR AND STELLAR ATMOSPHERES & MAGNETIC ACTIVITY

Participants

Deborah Baker, MSSL/UCL, UK
Lajos Balázs, Konkoly Observatory, Hungary
David H. Brooks, Hinode Team, ISAS, JAXA, Japan
Pascal Demoulin, Paris Observatory, France
Levente Kriskovics, Konkoly Observatory, Hungary
Zsolt Kővári, Konkoly Observatory, Hungary
J. Martin Laming, NRL, USA
Cristina Mandrini, IAFE, Buenos Aires, Argentina
Katalin Oláh, Konkoly Observatory, Hungary
Kristóf Petrovay, Eötvös University, Budapest, Hungary
Bálint Seli, Eötvös University, Budapest, Hungary
Gherardo Valori, MSSL/UCL, UK
Lídia van Driel-Gesztelyi, MSSL/UCL, UK; Konkoly Observatory, Hungary
Krisztián Vida, Konkoly Observatory, Hungary
