

Attendance Verification Letter

The purpose of this letter is to certify the individual listed below registered and attended the following conference held by the Society for the Industrial and Applied Mathematics (SIAM).

This also certifies the presentation listed below was reviewed by the conference co-chairs prior to acceptance.

Conference Name: SIAM Conference on Applications of Dynamical Systems (DS21)

Conference Location: Happening Virtually

Conference Dates: May 23 – 27, 2021

Attendee Name: Dániel Jánosi, Eötvös Loránd University, Hungary

Title of Presentation: Rate-Dependent Destruction of Snapshot Tori in Hamiltonian Systems Subjected to Parameter Drift

Session Title: MS218 Tipping Phenomena in Nonlinear Dynamical Systems: Theory and Applications - Part II of II

Date of Presentation: Thursday, May 27, 2021

If you have any question about his/her participation, please contact meetings@siam.org.

Thank you.

Sincerely,

Kimberly Haines
