Re: Research visit certificate to support
application

To whom it may concern

This is to confirm that Mr. Andras Mihaly Vaghy paid a visit at the Automatic Control Group of Chalmers University of Technology between January 13-17, 2020. During his stay, we performed research on the discretization of local and non-local partial differential equations that play a significant role in traffic network modeling for control. Prof Mihaly Kovacs (PPKE) and prof Gabor Szederkenyi (PPKE) has been part of the research.

Please let me know if you need any further information.

Yours Sincerely,
