Dear Ferenc and Flora,

Hello! My name is Masako Saito and I work for Saitama Medical University's International Education and Training Center. Congratulations on being chosen for this year's Student Exchange Program. We are very looking forward to meeting you this summer.

The schedule for this year's exchange program is as follows;

June 29: Hungarian students to depart Hungary

June 30: Hungarian students to arrive Japan

July 28: Hungarian students and Saitama students to depart Japan, and to arrive Hungary

August 24: Saitama students to depart Hungary

Please send me a copy of your passport so I can start looking for your air tickets.

As for your electives, please see attached list of departments and let me know what you are interested in. We usually recommend exchange students to do 2 departments for 2 weeks each. Please give me 3 or 4 choices and I will check the availability with the departments.

I will give you more information as we move forward. Please feel free to ask me if you have any questions.

Best regards,

Masako Saito
