A seminar organised within the Erasmus+ Programme aims to provide a platform for discussion and exchange on the important issues in European youth work or youth policy. Supported by one or more facilitators and often also theoretical inputs, participants contribute to discussions about the development of youth work or youth policy, and exchange good practice on the chosen theme.

Altogether, **27** people took part in the project.

The overall aim and specific objectives of the project:

Project aims at sharing and experimenting best practices of Non-Formal Learning programs for youth used in institutions for learning, mainly schools and NGOs in Europe. The activity is a Seminar to build capacity for NGO representatives and those involved in extracurricular activities for young people in different institutions around Europe to cooperate more and to explore how they can improve the methods they use when working with young people in collaboration of schools and NGOs

Main contents and activities of the project:
