Description of the planned task:

The Roswell Park Cancer Institute and Dent Neurologic Institute have entered into an agreement with the four Hungarian medical universities that teach medicine to provide 12 week credit-bearing senior electives to medical students who are in their 6<sup>th</sup> year of education. The purpose of the program is to facilitate the exchange of students as well as experience and knowledge between the involved medical universities. With this program the HMAA contributes and provides broad medical knowledge to young Hungarian Physicians who are entering the Hungarian health care system.

Ms Ven aims to complete the following rotations : 4 weeks Neurology , 4 weeks Internal Medicine and 4 weeks OBGYN. The total duration is 3 months (minimum 2 months and maximum 56 months within an academic year). The working hours per week range 37.5– 40 hours /week according to the nation labor regulation for full time employees. The planned start and end of the traineeship is from 12/10/19 through 3/8/20 with an English working language.

The trainee will receive financial support for his/her traineeship: yes / no. If yes, the amount per month \$1200 USD, from the Pallas Athene Domus Innovationis Foundation.

The trainee will receive a contribution in kind for his/her traineeship: yes / no/ If yes, it will be for accommodations (the trainee is expected to contribute to his/her housing in the amount 300 USD per month
