

ACKNOWLEDGMENT

for delivering a paper during the International Scientific Conference
„Contemporary Problems of the Criminal Procedure”

Roland Lindt

UNIVERSITY OF MISKOLC

Dear Sir,

I would like to express my sincere gratitude for your delivering a paper during the International Scientific Conference “Contemporary Problems of the Criminal Procedure” organized on June 28, 2021 by the Scientific Circle of the Criminal Procedure Law at the Faculty of Law and Administration, Cardinal Stefan Wyszyński University in Warsaw.

I appreciate your involvement in the event, in particular for your presentation of the paper entitled “The hidden menace prosecuting deviant religious groups” during the conference. The event enjoyed great interest in the world of science, which allowed for the free exchange of knowledge and experience on the criminal process itself, as well as on related contemporary legislative problems. Undoubtedly, the participation of foreign scholars, who presented the perspectives and experiences derived from their national legal orders, proved to be of a significant value by offering a broader look on the issues of criminal proceedings.

Yours sincerely

dr hab. Marcin Wielec

Supervisor of the Scientific Circle of Criminal Procedure Law,
Faculty of Law and Administration,
Cardinal Stefan Wyszyński University
