Certificate

I, the undersigned, as the Head of the Critical Heritage Studies Hub, certify that Benedek Varga of the University of Szeged is actively participating as the Collaborator in the project Diogenes (Digital Network of European Legal Historians) and took part in the KickOffMeeting workshop on 12-13.10.2023 in Krakow.

The project assumes the creation of an international virtual networking group for doctoral students and recent post-docs. Its basic tool is to be a database grouping legal historians and historians dealing with the study of the history of law, broadly understood. Research into the history of the development of law and its contemporary heritage is an important field in the overall research devoted to the cultural heritage of Europe.
