

Paper Title: HOW RORY'S STORY CUBES CAN IMPROVE THE ABILITY OF STORYTELLING IN WRITING AND SPEAKING

Submission code: 343

Evaluation Results:

Originality: 6 - Good
Significance: 6 - Good
Technical: 5 - Average
Relevance: 6 - Good
Classification: 6 - Good

Comments: Please, when presenting the study at the conference try to explain the theoretical foundations that support the research discussion of your results before reaching to the main conclusions.

Originality: 6 - Good
Significance: 6 - Good
Technical: 6 - Good
Relevance: 6 - Good
Classification: 6 - Good

Comments: The theme of the abstract is actual as it supports the idea of innovation in education, recommendations can be beneficial
Positive Points: The theme is of interest, conclusions and recommendations can be relevant for education and learning, the external validity is high
Negative Points: A clearer description of research methodology is needed, tangible results of previous project should be mentioned (qualitative). Describe in a few words the activities that were suggested. What were the main objectives? Also how was creativity measured?

Originality: 6 - Good
Significance: 6 - Good
Technical: 6 - Good
Relevance: 7 - Excellent
Classification: 6 - Good
Comments: Everything has been clearly highlighted. I am looking forward to follow the presentation. I am very interested to listen.
Positive Points: Reading as a challenge in schools.
The topic itself is very interesting.
Negative Points: N/A
