Attn: Mr. Márk Di Giovanni

Dear Author,

On behalf of the organizers of the 2024 PhD Scientific Days we would like to inform you that your presentation *Introducing a New Score to Quantify the Distribution of Coronary Artery Calcification Based on Coronary CT Angiography* has been accepted for szóbeli presentation.

The presentation will take place in the session Cardiovascular Medicine and Research I., from 11:30 till 13:00 on Wednesday, 10 July 2024.

Technical information

Oral presentations will be 10 minutes long followed by 5 minutes discussion. Slides can be presented in PowerPoint or Prezi (on- or offline). Due to the large number of presentations and posters at the event all authors are requested to send their slides in a Microsoft PowerPoint file to phd@kmcongress.com until 5 July to avoid delays due to slide uploads onsite.

Language

The language of the slides and posters should be English.

The language of the presentation can be English or Hungarian, up to the choice of the presenter.

Best presentations will be awarded.

Accreditation

Those PhD students of Semmelweis University who take the conference as a PhD course will receive maximum 3 credit points as follows:

- 3 successful exam tests: 1 credit (40% should be achieved individually for each test and 60% for the 3 tests in total)
- oral or poster presentation: 1 credit
- oral or poster award: 1 credit

Please note that credit point(s) can only be awarded in case of in-person participation.

Should you have any questions concerning the above, please do not hesitate to contact us.

With best regards

Katalin Mátray
