RE: "Long-Term Durability of High- and Very High-Power Short-Duration PVI by Invasive Remapping: HPSD Remap Study" by Nándor Szegedi, Zoltán Salló, Vivien Klaudia Nagy, Istvan Osztheimer, Bálint Lakatos, Melinda Boussoussou, Gábor Orbán, Márton Boga, Arnold Béla Ferencz, Ferenc Komlósi, Patrik Tóth, Péter Perge, Attila Kovács, Béla Merkely, and László Gellér

Dear Dr. Szegedi:

On April 10, 2023, I received the above referenced manuscript.

The assigned number for the manuscript is JEP040723-0361. (This number will be useful throughout the review process for tracking purposes.)

To check the status of this submission, click on the URL link below. (Scroll to the bottom of the page, then select "Check Status" under the Manuscript Tasks heading.)

Manuscripts submitted to JACC Clinical Electrophysiology are considered with the understanding that they are unpublished and are submitted exclusively to JACC Clinical Electrophysiology, and that all authors have read and approved the contents and have disclosed any conflicts of interest.

Please make sure that all email addresses for contributing authors are current and correct. Should your paper be accepted, we will use these email addresses to collect electronic conflict of interest forms. We do not want to delay publication because a form could not reach an author.

Thank you for the opportunity to review your work.

Sincerely,

Kalyanam Shivkumar, MD, PhD, FACC
