

**Saint Mary's
University**

October 11, 2023

Dear Gergő Almádi:

I would like to invite you to visit Halifax so that we can continue and extend our research (joint with Gábor Domokos & Krisztina Regős) on equilibria of polyhedra. You have indicated that you can arrive on Thursday, November 2nd and leave on Friday, November 10th. I hope that you will be able to give a seminar here during your stay.

Unfortunately, I do not have funding to cover the cost of your airfare or per diem food expenses. I will, however, be able to offer you accommodation in the guest room at my home (2074 Elm St, Halifax), for the entire duration of your visit, and working space at the Saint Mary's University Department of Mathematics and Computing Science.

Hoping to see you soon,

A handwritten signature in black ink, appearing to read 'R Dawson', with a long, sweeping horizontal line extending to the right.

Robert Dawson

Professor & Chairperson
Department of Mathematics & Computing Science
