Recommendation for Pro Scientia Gold Medal

Markó Eszter is a stipendist in the project "ANSWER - Environmental Anxieties and Social Coping Strategies in the Last 50 Years. A comparative case study in Poland, Ukraine, and Hungary." (project no. 2021/43/D/HS6/01702) funded by the National Science Center (Poland). The project is conducted in the Department for Research on Social Problems and Social Work at the Faculty of Sociology, Adam Mickiewicz University, Poznań, Poland, from December 2022 to December 2025.

I, as the Principal Investigator of the project, recommend Markó Eszter for the Pro Scientia Gold Medal based on her scientific biography.

Sincerely,

.....
