Official transcript for Kelemen Hunor (VCMOI)

Official transcripts bear the name and seal of Corvinus University of Budapest.

CREDITS: International and ECTS credits are defined according to contact hours per week.

TRANSFER CREDITS: Credits and grades accepted from other institutions are included on the transcript. Corvinus does not release copies of transcripts or other documents received from other institutions.

COURSE CLASSIFICATION: "C" – core courses, "CR" – criteria courses, "CE" – compulsory elective courses, and those marked "E" are elective (optional) courses. For non-degree students all courses are marked "E".

GRADES AND CALCULATION OF THE GRADE POINT AVERAGE (GPA): The average is the credit-weighted average of the grades achieved by the student in a given semester and includes the results scored in both the compulsory and the elective subjects. F and NP (Fail and No Pass), P (Pass), W (Withdrawn), S (Signed), and R (Refused) are not calculated into the semester GPA

DIPLOMA RESULTS

To be eligible for graduation from Corvinus University of Budapest two-thirds of the credits must be obtained at Corvinus. The qualification of the diploma is represented by a complex grade (calculated to two decimal points in all cases) determined from the overall credit-weighted GPA achieved by the student (single weight), the grade obtained at the comprehensive and complex examinations (if applicable, single weight) and the mathematical average of the grades obtained for the Thesis Defence (the grade/s/ given by the reviewer/s/ and the grade achieved at the oral thesis defence) (double weight).

Qualification	Grade
	Pass with distinction*
between 4.81 and 5.00	excellent
between 4.51 and 4.80	very good
between 3.51 and 4.50	good
between 2.51 and 3.50	satisfactory
between 2.00 and 2.50	pass

*A diploma with distinction shall be issued to students who started their studies in or after September 2013, achieved an excellent (5) grade at their final examination, achieved an excellent (5) grade at the mandatory rigorous and comprehensive examinations closing the specialisation, whose all other last valid grades are at least a good (4), whose diploma was graded excellent and each of whose grades included in the transcript master data sheet are at least satisfactory (3), and whose diploma result corresponds to paragraph (1)a). A diploma with distinction may not be issued if at least one subject was concluded with the "exam not taken" or "not completed" remarks, an exception to this being Physical Education. When determining entitlement to a diploma with distinction in case of students studying in two cycle master programmes, the grades received in compulsory subjects taken beyond the 120 credits are not taken into consideration.
