2023. május 2. 15:55

Dear Mr Tolvaj,

Congratulations! We are delighted to inform you that your abstract has been accepted for presentation at **ESC Congress 2023 taking place from Friday 25 to Monday 28 August 2023 in Amsterdam, Netherlands.**

All presenters are required to present their abstract(s) in person at the Congress at the scheduled day and time, as indicated on their agreement form(s).

In addition to the on-site presentations, all abstracts will be featured on the online congress platform **Research Gateway**, the dedicated section to abstracts and clinical cases.

Your research will benefit from great visibility throughout the congress and will be showcased to a wide international audience. After the congress, your abstract will be published in the online

abstract supplement of the **European Heart Journal**; and both the abstract and the presentation will be available on **ESC 365, the cardiology knowledge hub**.

We also remind you that your abstract is now under the regulations of the ESC Embargo policy (as detailed below).

NEXT STEPS-

Select and confirm abstract presenter's details [upon receipt of this email](#) – [here](#)

Full Link- <http://escol.escardio.org/MyESC/modules/congress/Abstract/default.aspx?eventID=1334>

Please sign in using your My ESC account (e-mail and password) – same account you used for submission-

You will be able to see the day and time of the presentation, as well as the format of the session your abstract has been accepted in.

In order to confirm the presentation, please assign and confirm the name of the presenter (must be one of the co-authors – no changes can be made to the authors list).

Please do so **upon receipt of this email and before 31 May 2023** in order to allow sufficient time for presentation confirmation, preparation and upload; as well as to benefit from the early registration fee. Please make sure to enter the valid email address of the presenter.

As a next step, we will then contact the abstract presenter with further information and instructions.

We kindly remind you all presenters must upload and register to the congress by the deadlines shown on the agreement form. **Failure to upload and register by the set deadlines will lead to the withdrawal of the abstract from the Congress Programme and Publications (Research Gateway, Abstract book supplement, ESC 365).**

We thank you for

your valuable contribution to the programme. Make the most of having your abstract accepted at **ESC Congress 2023** by tweeting the good news- The hashtag to include in your tweets is #ESCCongress

Best regards,

Sent on behalf of

Professor John McMurray
Chairperson, ESC Congress Programme Committee 2022-2024

ESC Embargo Policy

-
Accepted abstracts are under embargo until one week before the congress. At that time, they will be available on ESC 365 via the online Scientific Programme.

Abstracts selected for an ESC Press Release will remain under embargo until the beginning of the scheduled presentation. Abstract content will be released thereafter.

Submitted abstracts should not be published in any other journals and/or online publications or presented at any international congresses.

For more information about the ESC Media and Embargo Policy, please consult the full version online- <https://www.escardio.org/The-ESC/Press-Office/ESC-Media-and-Embargo-Policy>
